• Polytrack

No.1 wax coated synthetic surface used by the racing fraternity

Polytrack, Wolverhampton Racecourse

Martin Collins Enterprises official Sponsors of: Eoghan O'Neill, Averham Park Racing, Notts

Polytrack is a combination of chopped synthetic long and short fibres, clef elastic fibres, and a high-grade industrial washed silica sand, all blended with a wax coating. Britain's No. 1 Wax coated synthetic surface is used across all professional equestrian disciplines with the emphasis on racing.

It really speaks for itself, tracking and kickback are greatly reduced with excellent climatic tolerance.
